

*Novel Cellulases, the Genes Encoding Them, and Uses
Thereof*

Abstract

Genes encoding novel cellulases, and a gene encoding a protein that
facilitates the action of such novel cellulases, the novel cellulases and a protein
that facilitates the action of such cellulases, and enzyme preparations containing
such proteins are described. The native hosts and the culture medium of said
hosts containing said novel cellulases are also disclosed. These proteins are
especially useful in the textile and detergent industry and in pulp and paper
industry.
